

EXPERIENCE

- Battle-Axe Productions** **Freelance Artist/Designer** 10/2001 - Present
Ludlow/MA
Stock's Eye - Illustrator/Animation: Draw and ink illustrations comic book concept, assist with updating website, animating and modeling for video (Make Baby Laugh) and an educational computer game (based on lead poisoning awareness) for Stock's Eye.
- Fighting Arts Academy – Designer: Design logo for athletic apparel and websites, custom design for business materials (brochures, business cards, award certificates, etc.). Devise advertisements featured in local newspapers.
- TurboSquid – 3D Organic Modeler: Modeled for medical engineering students via TurboSquid an anatomically correct respiratory system, as well as circulatory system.
- NBC 30** **Graphic Design/3D** 1/2008 - 4/2008
West Hartford/CT
Worked as an intern on several projects for use in Smartboards (new LED billboards), print ads for the newspapers, slides for an online slideshow focusing on things to do for the weekend in the Hartford area, cut outs, logo touch-ups and placing logos and text in Chroma-key and plasma. I was also given a small 3D project animating a camera through people icons I created.
- Gibbs College** **Productions Manager & 3D Background Modeler/Textures** 1/2002 - 6/2002
Boston/MA
Productions Manager - Independent Study - Animation - Under supervision of Pat Beckmann, appointed to oversee animation project and obtain assets from other students involved in the independent study for animation, under the guidance of Mike B. Anderson ("The Simpsons" - 2 time Emmy Award winning director).
- 3D Background Modeler/Textures: Worked on an intro piece for Mecha Software with another student. In charge of creating 3-dimensional background and textures needed for the background and mech.
